

## Malö Yachts 34 - "Rah"

Built in 1994 by Malö Yachts AB, Kungsviken, Sweden

**SOLD**

LOA	10.6m	(34'8")
Beam	3.23m	(10'6")
Draught	1.67m	(5'5")
Displacement	5000kg	(11023lbs)

'Rah' has been carefully maintained by the same owners from new. We have known her for many years. She has been based on the south coast and then for a few years in Barcelona before returning to the Solent in 2010. She is in excellent condition and throughout her life has had every item of required maintenance carried out to a very high standard. **Owners comments 'Rah has been a large part of our life for twenty years and is our pride and joy. We were lucky enough to visit the factory to see her being beautifully built by the craftsmen at Malo Yachts and have spared no expense since in keeping her in top condition since then. We will be more than sad to say goodbye to her.'** She is very well appointed for coastal cruising and as a design, the Malo 34 is very seaworthy, offering impressive performance due to her traditional lines. Inventory includes recently replaced sails, full electronics package and wind generator. Over last winter she has had all anti-foul layers removed and had new epoxy paint applied prior to re-antifouling.

### Hull, Deck and Cockpit

Hand laid teak on deck, coach roof and cockpit
